

**REMARKS**

Applicant has amended the specification to amend the references from the unpublished New Zealand patent applications to the corresponding United States patent applications. Applicant submits that each of the incorporated by reference material is non-essential to the invention and therefore no new matter has been included.

As Applicant is not aware of any prior art which would anticipate or would render obvious the claims of the present application, early allowance is requested. Should the Examiner have any questions regarding this Amendment, the Examiner is invited to contact one of the undersigned attorneys at (312) 704-1890.

Dated: June 16, 2005

Respectfully submitted,
